

## About the College

The A. V. Education Society, one of the oldest and pioneering educational societies in the erstwhile Nizam's State of Hyderabad was established in the year 1944 with an objective to extend educational opportunities to backward sections of the region and a vision to Empower young minds through Pursuit of Excellence. A.V. College established in 1968 is spread over 7.33 acres of land with a built-up area of 11,72,159 sq.mt. Started as a composite college offering plus two and UG courses in Arts, Sciences & Commerce it gradually grew to occupy the status of a multidimensional institution through introduction of PG courses, multi-disciplinary and contemporary courses that help develop technical competence in students, and their employability thus meeting the requirements of academia, industry, and society. The College is conscious of its values and responsibility towards the country, community, and environment in general and tries to inculcate the same among all its students. Social Commitment is in the ethos of the College and its sponsoring society. The college is accredited by the NAAC three times.

## About the Workshop

We, in A.V. College believe in "Sustainability a Priority". Our institution's unwavering commitment to sustainability and responsible leadership has led us to actively engage in implementing sustainable practices in all our initiatives, Project Kartavya is one such initiative. Project Kartavya, an initiative that we have launched in our college to achieve 5 Sustainable Development Goals (SDG No's 3,5,7,11 & 12), which we have identified. We are working and dedicated ourselves to find actionable solutions to these SDG's by organizing various activities. In this endeavour, we seek to showcase our dedication to build a greener and more equitable world through this workshop. We are extending an open invitation to students, faculty and communities to join us on this transformative journey and devise solutions. Together we can amplify and impact our initiatives, spark discussions and inspire change at a scale that matters. Our initiatives encompass a wide spectrum of activities that contribute to sustainable development across various SDG's fostering a holistic approach to education and community engagement.

## Objectives of the Workshop

- Ensure healthy lives and promote well-being for everyone of all ages.
- Achieve gender equality and strengthen the position of all women and girls.
- The environment provides a series of renewable and non-renewable energy sources
- To survive and prosper, we need new, intelligent urban planning that creates safe, affordable and resilient cities with green and culturally inspiring living conditions.
- Ensuring sustainable consumption and production patterns, which is key to sustain the livelihoods of current and future generations.
